

Carlos Maggi, MD
PUBLICATIONS

1. Maggi JC: Clinical forms and incidence of viral hepatitis in the Children's Hospital of Lima. Act of the X Peruvian and X International Congress of Pediatrics. Trujillo, Peru, May 1978.
2. Cunningham DG, Challapalli M, Maggi JC: Heat cramps in Cystic Fibrosis. Proceedings in Hines-Loyola Conference Neurology, 10-12:14, 1981.
3. Cunningham D, Puczynski M, Maggi JC: Infectious mononucleosis: A review for the primary care physician, Illinois Medical Journal 160:425-428, December 1981.
4. Maggi JC, Scott JP: Gangrene in a neonate following Dopamine therapy. Journal of Pediatrics 100:323, February 1982.
5. Loren A, Maggi JC, Scott JP, Anderson CL: Evaluation of Neutrophil function. Comparison between newborn, adults, and 1-5 year old children. J Clin Lab Immun January 1982. Presented at Great Lakes Perinatal Research Conference, Woodstock, IL, September, 1980.
6. Nussbaum E, Maggi JC: Intracranial pressure monitoring by the Subarachnoid bolt in comatose children. Clin Pediatr 24:329, 1985.
7. Maggi JC, Iskra M, Nussbaum E: Severe clonidine overdose in children requiring critical care. Clin Pediatr 25:453, 1986.
8. Nussbaum E, Maggi JC, Mathis RK, Galant SP: Association of lipid-laden alveolar macrophages and gastroesophageal reflux. J Pediatr 110:190-4, 1987.
9. Maggi JC, Nussbaum E: Massive pulmonary infarction in sickle cell disease. Pediatric Emergency Care, March 1987, 3:30-32, Williams & Wilkins.
10. Maggi JC, Nussbaum: Pentobarbital therapy does not improve neurological outcome in nearly-drowned flaccid comatose children. Pediatrics, 1988; 81: 630-634.
11. Nussbaum E, Maggi JC: Laryngomalacia in children. Chest 98:942-44;1990.
12. Graves P, Davis A, Maggi JC, Nussbaum E: Femoral artery cannulation for monitoring in critically ill children: Prospective study. Crit Care Med 18:1363-66;1990.
13. Franchi LM, Maggi JC, Nussbaum E: End-Tidal CO₂ in pediatric bronchoscopy. Pediatric Pulmonology 16:153-157; 1993. Presented at the 7th World Congress for Bronchology and Bronchoesophagology, September 28 - October 2, 1992, Rochester, MN.
14. Arrieta AC, Marks MI, Franchi LM, Maggi JC, Muchnik C: Endobronchial tuberculosis presenting as respiratory failure in an infant Clin Pediatr 1993;32:12,747-9

15. Maggi JC: Abolition of Intralipid induced pulmonary vasoconstriction by inclusion of antioxidants in the emulsion. *Critical Care Med* 11(3) March 1983. Presented at the Society of Critical Care Medicine annual meeting, New Orleans, May 1983.
16. Maggi JC: The effect of Mannitol on the pulmonary hypertensive response induced by oxidant substances. *Critical Care Medicine* 11(3), March 1983. Poster presentation at the Society of Critical Care Medicine, New Orleans, May 1983.
17. Maggi JC: Nifedipine inhibits pulmonary hypertension induced by infusion of oxidants and lipids. *American Review of Respiratory Diseases* 127(4), April 1983. Presented at American Thoracic Society Annual Meeting, Kansas City, MO, April 1983.
18. Maggi JC: Absence of sex differences in oxidant induced pulmonary vasoconstriction mediated by arachidonic acid derivatives *American Review of Respiratory Diseases* 127(4), April 1983. Presented at the American Thoracic Society Annual Meeting, Kansas City, MO, April 1983.
19. Maggi JC: Inhibitory effect of antioxidants on Intralipid induced pulmonary vasoconstriction. *American Review of Respiratory Diseases* 127(4) April, 1983. Poster presentation at the American Thoracic Society Annual Meeting, Kansas City, MO, April 1983
20. Maggi JC: Antioxidants inhibit pulmonary vasoconstriction induced in Intralipid infusion. *Pediatr Research* 17(4), April 1983. Presented at Society for Pediatric Research, Annual Meeting, Washington DC, May 1983.
21. Maggi JC: Inhibition of Intralipid and oxidants induced pulmonary vasoconstriction by Nifedipine. *Pediatr Research* 17(4) April, 1983.
22. Maggi JC, Allman F, Nussbaum E: Early use of hypothermia and pentobarbital coma in pediatric near drowning. Presented SCCM Society Annual Meeting. San Francisco, May 31, 1984. In *Critical Care Medicine* 12:281, 1984.
23. Nussbaum E, Maggi JC: Pediatric flexible bronchoscopy in infantile atelectasis. *Am Rev Res Dis* 129(4):A225, 1984
24. Maggi JC, Nussbaum E: Cerebral perfusion pressure as a guide to prognosis in the near-drowned, severely comatose child. *Society Crit Care Med*, May 1984.
25. Nussbaum E, Maggi JC: Intensive care pediatric flexible bronchoscopy. *Society Crit Care Med*, May 1984
26. Nussbaum E, Maggi JC, Van Der Stuyf LJ: Pentobarbital therapy (P) does not improve neurological outcome in near-drowned, flaccid children (C). Presented at the American Academy of Pediatrics meetings. Poster presentation. San Antonio, TX. October 21, 1985

27. Nussbaum E, Maggi JC, Galant SP: Association of Lipid-Laden Alveolar macrophages and gastroesophageal reflux in children. *Am Rev Res Dis* 133 (4):A366, 1986.
28. Maggi JC, Davidson M, Nussbaum E: Comparison of sustained release theophylline preparations in pediatric asthma. *J Allergy and Clin Immunology* 77(1) (Part 2):186, 1986. Presented at the American Academy of Allergy and Immunology Annual Meeting, New Orleans, LA, March 1986.
29. Maggi JC, Nussbaum E: Comparison between invasive and noninvasive cardiac output determination in critically ill children. Presented at the Society of Critical Care Medicine, Annual Symposium, 5/27/87, Anaheim, CA. *Crit Care Med*, 15(4):358; 1987.
30. Maggi JC, Nussbaum E: Pentobarbital therapy does not improve neurological outcome in nearly-drowned, flaccid-comatose children. Presented at the Society of Critical Care Medicine Annual Symposium, 5/27/87, Anaheim, CA. *Crit Care Med*, 15:418, April 1987.
31. Maggi JC, Nussbaum E, (Spons. by Modanlou, H): Cardiac output determination in critically ill children, pulse doppler vs. thermodilution techniques. *Ped Research*, 21(4)(Part 2):203A, April 1987.
32. Maggi JC, Nussbaum E, (Spons. by Modanlou, H): Effect of pentobarbital therapy in outcome of nearly-drowned, flaccid comatose children. Poster Presentation at the Annual Meeting of the APS/SPR, 4/30/87, Anaheim, CA. *Pediatr Research*, 21(4) (Part 2):203A, April 1987.
33. Maggi JC, Nussbaum E, Mathis R, Galant SP: Association of gastroesophageal reflux and lipid-laden alveolar macrophages in children with chronic respiratory disorders. *Pediatric Digest* 1987; 6:4-5.
34. Maggi JC, Nussbaum E, Izkra C, Carazoo JF: Conversion of intravenous theophylline to once/day Uniphy in children with asthma. Presented at American College of Chest Physicians 53rd Annual Scientific Assembly, October 27, 1987, Atlanta, GA. *Chest* 92(2):75S, August 1987.
35. Galant SP, Maggi JC, Nussbaum E: Bronchodilator effects of inhaled metaproterenol sulfate solution (MSS) in preschool asthmatic children. Presented at the annual meeting of the American Academy of Allergy and Immunology, March 15, 1988. *J All Clin Imm.* 81:277,(#437);1988
36. Fisher DG, Davis AL, Maggi JC, Nussbaum E: Correlation of capillary blood gases (CGB) and arterial blood gases (ABG) in critically ill children. *Society for Pediatric Research* 27:#4 Part 2-30A; 1990.
37. Fisher DG, Davis AL, Maggi JC, Nussbaum E: Correlation of capillary blood

gases (CGB) and arterial blood gases (ABG) in critically ill children. Chest 98:80 (Supplement); 1990.

38. Fisher DG, Davis AL, Maggi JC, Nussbaum E: Reliability of capillary blood gas (CGB) analysis in critically ill children: correlation with arterial blood gases (ABG). Critical Care Medicine.
39. Maggi JC: "New concepts of sepsis in children" in Nussbaum's Pediatric Intensive Care. Futura Publishing Company, Inc., New York, 1990.
40. Maggi JC: "Electric injury in children" in Nussbaum's Pediatric Intensive Care. Futura Publishing Company, Inc., New York, 1990.
41. Franchi LM, Maggi JC, Nussbaum E: Continuous End-Tidal CO₂ in pediatric bronchoscopy. Presented at the 7th World Congress for Bronchology and Bronchoesophagology, Rochester, Minnesota. 7th World Congress for Bronchology and Bronchoesophagology Program 1992:136. September 28-October 2, 1992.
42. Maggi JC, Nussbaum E, Davis, AL: Early CPR as predictor of outcome in pediatric near drowning. Crit Care Med 1994; 22(#1):A150. Presented at the Society of Critical Care 23rd Educational and Scientific Symposium, Orlando, Florida. January 31 - February 3, 1994.
43. Maggi JC: Flexible fiberoptic bronchoscopy (FOB) in pediatric patients receiving high frequency oscillation (HFO). Crit Care Med 1994; 22(#1):A150. Presented at Society of Critical Care 23rd Educational and Scientific Symposium, Orlando, Florida, January 31 - February 3, 1994.
44. Reda Z, Roberto L, Davis AL, Newton T, Maggi JC, Nussbaum E: High dose continuous nebulized albuterol (CNA) in the treatment of pediatric status asthmaticus. Critical Care Medicine. Pediatr Res 1994; 35(#4 Part II): 57A.
45. Dutt A, Chin T, Randolph L, Nussbaum E, Maggi JC: Atypical Cystic Fibrosis in a Patient with Compound Heterozygosity (Delta F508/2849 >+10kb C>T Mutation) Physicians' Networking Grand Rounds, Cystic Fibrosis Foundation. Presented at Eight Annual North American Cystic Fibrosis Conference, October 20, 1994.
46. Reda Z, Boctor W, Maggi JC, Mendoza P, Davis AL, Chin TW: Predictors of Mortality in Pediatric ARDS. Crit Care Med (supplement) 1995. Presented at the Annual Meeting of the Society for Critical Care Medicine in San Francisco, California, January 1995.
47. Reda Z, Maggi JC, Erian C, Chin TW: High frequency oscillation (HFO) in respiratory syncytial virus (RSV) induced severe pediatric adult respiratory distress syndrome (ARDS). Presented at the Critical Care Colloquium, Atlanta, Georgia, September 1995.

48. Reda Z, Maggi JC, Erian C, Chin TW: Predictors of failure of high frequency oscillation (HFO) in pediatric patients with severe adult respiratory distress syndrome (ARDS) Presented at the Critical Care Colloquium, Atlanta Georgia, September 1995.
49. Panish C, Reda Z, Brown-Ramirez B, Houry S, Chin TW, Maggi JC: Bedside transpyloric feeding tube placement is efficacious in critically ill children. Presented at the Critical Care Colloquium, Atlanta, Georgia, September 1995.
50. Reda Z, Maggi JC, Permissive Hypercapnia: a cost effective strategy that reduces mortality in pediatric ARDS. Presented at the Critical Care Colloquium in Orlando, Florida, September 1996.
51. Reda Z, Maggi JC, Torero L, Fam H, Chin TW. Permissive ventilation reduces morbidity in RSV induced respiratory failure. Presented at the Critical Care Colloquium in Orlando, Florida, September 1996.
52. Reda Z, Maggi JC, Fam H, Boctor W, Chin TW. Predictors of mortality in pediatric acute respiratory distress syndrome (ARDS). Presented at the Critical Care Colloquium in Orlando, Florida, September 1996.
53. Reda, Z, Sibai A, Maggi JC. Predictors of barotrauma in pediatric acute respiratory distress syndrome. Crit Care Med 1997;25(1); A101. Accepted for presentation at the 26th Educational and Scientific Symposium of the Society of Critical Care Medicine, San Diego, California, February 6-10, 1997.
54. Reda Z, Maggi JC, Torero L, Fam H, Chin TW. Permissive ventilation reduces morbidity in respiratory syncytial virus induced respiratory failure. Crit Care Med 1997;25(1); A101. Accepted for presentation at the 26th Educational and Scientific Symposium of the Society of Critical Care Medicine, San Diego, California, February 6-10, 1997.
55. Reda Z, Maggi JC, Permissive Hypercapnia: a cost effective strategy that reduces mortality in pediatric acute respiratory distress syndrome. Crit Care Med 1997;25(1); A29. Accepted for presentation at the 26th Educational and Scientific Symposium of the Society of Critical Care Medicine, San Diego, California, February 6-10, 1997.
56. Reda, Z, Sibai A, Maggi JC. Predictors of barotrauma in pediatric acute respiratory distress syndrome. 7th World Congress of Intensive & Critical Care Medicine, Ottawa, Canada. July 1997.
57. Reda Z, Maggi JC, Torero L, Fam H, Chin TW. Permissive ventilation reduces morbidity in respiratory syncytial virus induced respiratory failure. 7th World Congress of Intensive & Critical Care Medicine, Ottawa, Canada. July 1997.

58. Reda Z, Maggi JC, Permissive Hypercapnia: a cost effective strategy that reduces mortality in pediatric acute respiratory distress syndrome. 7th World Congress of Intensive & Critical Care Medicine, Ottawa, Canada. July 1997.
59. Combined Flexible Bronchoscopy and Pressure Support in Intubated Asthmatics, accepted for presentation at CHEST 2000, 66th Annual International Scientific Assembly of the American College of Chest Physicians, San Francisco, CA., October 22-26, 2000 Maggi JC
60. Maggi, J.C: Flexible Fiberoptic Bronchoscopy in Severe Pediatric Asthma. Accepted for slide presentation at CHEST 2003, 69th Annual International Scientific Assembly of the American College of Chest Physicians (ACCP), Orlando, Florida, October 25-30, 2003. Published, CHEST 2003; 124(4). 1295 (abs)
61. Maggi, J.C.: Flexible Fiberoptic Bronchoscopy in Severe Pediatric Asthma. Accepted for poster presentation at the 2003 ATS International Conference, Seattle, Washington, and May 20, 2003. Published, American Journal of Respiratory and Critical Care Medicine, 2003; 167(7). A767 (abs)
62. Maggi, J.C: Flexible Fiberoptic Bronchoscopy in Severe Pediatric Asthma. Accepted for slide presentation at the 2003 ACAAI Annual meeting, New Orleans, LA, November 7-12, 2003. Published, American College of Allergy, Asthma & Immunology, 2004; 92(1), pg. 130.
63. Moser C, Maggi JC, Bethencourt, D., Romansky, S., Nussbaum E: "Not All That Wheezes is Asthma" Pediatric Asthma, Allergy and Immunology (PAAI) press), Volume 17, Page 204-207, Fall 2004
64. Safety of Flexible Bronchoscopy in Children with Severe Status Asthmaticus and Respiratory Failure. Presentation, 40th Critical Care Congress. Society of Critical Care Medicine. San Diego, Ca., USA January 2011
65. Maggi, JC, Nussbaum, E, Babbitt, C, Maggi, FE, Randhawa, I: Pediatric fiberoptic bronchoscopy as adjunctive therapy in acute asthma with respiratory failure. Pediatric Pulmonology 2012 Dec. 47 (12): 1180-4.
